Irad in Figures

2026

Statistical pocketbook

Sandardagı Irad · Ирад в цифрах

Talas · October 2026

Foreword

Irad in Figures brings together in one small book the main figures that the Territorial Statistics Office publishes during the year: the results of the Population Census of 2018, the national accounts, consumer prices, wages, pensions and the subsistence minimum, and indicators of health, tourism and education.

The figures are those released before 1 October 2026. Later releases and revisions are published on the Office's website, stats.iradgov.org, and in the monthly and quarterly bulletins.

Amounts are in som. Conversions to US dollars use the official rate of the Bank of Irad, 8.40 som to the dollar. Figures for the Zone include an estimate for the Autonomous Tribal Region only where stated.

Contents

1. Population
2. National accounts
3. Consumer prices
4. Wages and incomes
5. Pensions
6. Health
7. Tourism
8. Education

Symbols

— nil or negligible · … not available · about: a rounded estimate

1. Population

1.1 Population by area

Area	Population	Share
Irad Special Economic Zone (enumerated)	2,630,000	57%
of which the three cities of governorate significance	2,280,000	49%
Autonomous Tribal Region (estimate)	2,000,000	43%
Total	4,626,000	100%

1.2 Ethnic composition

Iradis	75%
Kyrgyz	7%
Uzbeks	5%
Russians	4%
Kazakhs	3%
Americans	1%
Ukrainians	1%
Koryo-saram	1%
Chinese	1%
Tajiks, Uyghurs, Dungans	1%
Mexicans and others	1%

1.3 Religion (self-identification)

Christian	78%
Muslim	18%
Other	4%

Population Census of 2018 (census night 13–14 October 2018). The figure for the Autonomous Tribal Region is an estimate; the Region was not enumerated.

2. National accounts

2.1 National accounts

Gross domestic product, 2024 (nominal)	US$18.4 bn
Real growth, 2024	1.5%
GDP at purchasing power parity, 2024	about US$50 bn
GDP per head, 2024	US$3,980

Converted at the official rate of 8.40 som to the dollar. Includes an estimate for the Autonomous Tribal Region; per head on the 2018 census population. The preliminary estimate of the Bank of Irad for January to September 2026 is 9.4% real growth.

3. Consumer prices

3.1 Consumer price index

Period	Change
2024, December on December	5.1%
2025, December on December	4.8%
September 2026 on September 2025	7.9%

Consumer price index. Monthly figures are published around the 12th of the following month.

4. Wages and incomes

4.1 By place

Place	Som a month
Nurzhan	3,900
Talas	3,550
Iyık Janyl	2,450
The six districts	2,150
Zone average	3,250

4.2 By occupation

Occupation	Som a month
